

ICCS 2017

Zürich, Switzerland

12-14 June, 2017

International Conference on Computational Science

Scientific Chairs

Peter Sloot

University of Amsterdam, The Netherlands
ITMO University, Russia
NTU, Singapore

Jack Dongarra

University of Tennessee, USA
Oak Ridge National Laboratory, USA
University of Manchester, UK

Workshops Chair

Michael Lees

University of Amsterdam, The Netherlands

Publicity Chair

Valeria Krzhizhanovskaya

University of Amsterdam, The Netherlands
St. Petersburg Polytechnic University and
ITMO University, Russia

Local Chair

Petros Koumoutsakos

ETH Zürich, Switzerland

Organizers

UNIVERSITEIT VAN AMSTERDAM

THE UNIVERSITY of TENNESSEE 
KNOXVILLE

“The Art of Computational Science. Bridging Gaps – Forming Alloys”

The 17th International Conference on Computational Science (ICCS 2017) will take place in Zürich, Switzerland, on June 12-14, 2017. With an average attendance of 350 participants, an excellent lineup of keynote speakers and over 20 thematic workshops, ICCS is the prime annual event in Computational Science, bringing together researchers and scientists from academics and industry.

The theme for ICCS 2017 highlights the role of computational science as a broad, multidisciplinary field tackling problems and creating synergies with other disciplines. Located in central Europe close to the Alps, Zürich is Switzerland’s largest city, one of the world’s main financial hubs, and home to many parks, museums, churches, and the Swiss Federal Institute of Technology, one of the world’s most distinguished research institutions and the proud host of ICCS 2017.

We invite original contributions on all topics related to Computational Science, including, but not limited to:

- Scientific Computing
- Problem Solving Environments
- Advanced Numerical Algorithms
- Complex Systems: Modeling and Simulation
- Hybrid Computational Methods
- Web- and Grid-based Simulation and Computing
- Parallel and Distributed Computing
- Advanced Computing Architectures and New Programming Models
- Large Scale Scientific Instruments
- Visualization and Virtual Reality as Applied to Computational Science
- Applications of Computation as a Scientific Paradigm
- New Algorithmic Approaches to Computational Kernels and Applications
- Computational Humanities
- Education in Computational Science
- Computational Sociology
- Medical and Biomedical Computational Science

Paper Submission, Publications and Indexation

The deadline for full paper submission is **December 16, 2016**.

All accepted papers will be published in the open-access *Procedia Computer Science* and indexed by Scopus, ScienceDirect, and Thomson Reuters Conference Proceedings Citation (former ISI Proceedings) – an integrated index within Web of Science. After the conference, selected papers will be invited for a special issue of the *Journal of Computational Science* (Impact Factor 1.231).

Workshop Proposals

ICCS’ thematic workshops cover a broad range of topics, from Physics and Biology to intricate engineering and financial problems. We welcome proposals for workshops until October 21, 2016: <http://www.iccs-meeting.org/iccs2017/call-for-workshops>

Important Deadlines

Workshop proposals..... October 21, 2016
Full paper submission..... December 16, 2016
Notification of paper acceptance..... January 27, 2017
Camera-ready paper submission..... March 3, 2017
